Innovation for Health

# CAPABILITY STATEMENT

## WHO WE ARE

VitaEdge Consulting is a Zambian-led health advisory firm working at the intersection of strategy, systems, and implementation to transform health outcomes. We partner with governments, donors, and private sector clients to solve complex health system challenges through evidence-based strategy and execution-focused support.

## CORE CAPABILITIES

- Health Systems Strengthening
- RMNCAH, HIV, TB, Malaria & Nutrition
- Health Information Systems & Digital Health
- Supply Chain & Diagnostics
- Health Financing & Economics
- Policy, Leadership & Governance

## OUR APPROACH AND SERVICE DELIVERY MODEL

From strategy to execution, VitaEdge applies a rigorous, evidence-based approach to deliver context-specific, data-driven solutions. Through a flexible hybrid model—combining advisory, technical assistance, and embedded implementation support—we ensure that strategies are translated into scalable, high-impact, and sustainable results.

## SELECTED EXPERIENCE

- National Immunization Systems Strengthening (Zambia)
- RMNCAH Programme Leadership
- HIV/TB Programme Support (PEPFAR)
- Health Systems & Policy Advisory
